---

I am a bachelor following student in ICBT, I am looking for a job to start my career. I am flexible, reliable and have the best time to work with skills and hard work and smart. I am a student and learn problem solving skills. I am able to work with a mature team member and able to adapt to challenging situations. I will use my skills and knowledge to tackle the challenges in the IT industry. I am very careful in my work and want to make sure I understand exactly what is expected of me.
